

Mission in Action: 2025 Impact Report Sisters of Charity Health System

Key Data and Outcomes from Our Ministries and Foundations

A MESSAGE FROM OUR PRESIDENT & CEO

Beyond the Numbers: A Collective Legacy of Service, Healing and Ministry

The year was 1851 and the first Sisters of Charity of St. Augustine (CSA) arrived in Cleveland from France to serve as the city's first public health nurses. There were only four Sisters at the time, but they set in motion a 175-year legacy of transformational service, healing and ministry – a legacy that continues today through the Sisters of Charity Health System and our many ministries and foundations in Cleveland, Canton and South Carolina.

The collective efforts, services and grantmaking of the Sisters of Charity Health System directly or indirectly benefitted more than 1 million people in 2025. Each day, thousands of people feel the loving touch of the caregivers of the Health System and our many ministries. It couldn't be done without a wide range of partners and supporters. In 2025, we collectively raised more than \$40 million from individual donors, businesses and organizations, grants, government funding, foundations and more. Each partner and supporter is vital to helping sustain the efforts of the Health System and our ministries, programs and initiatives.

Within this report, you'll get a more in-depth look at the numbers that provide an overview of the far-reaching impact of the Health System's ministry work. The theme of the 175th anniversary of the Sisters of Charity of St. Augustine is "Founded with heart. Forward in faith." That's readily apparent in the numbers in this report and in everything we do, which was shaped by the extraordinary heart of the Sisters and continues to be guided by their vision of service and faith.

Thank you for making 2025 a memorable year. With your ongoing partnership and support, we can truly honor the legacy of the Sisters of Charity of St. Augustine by reaching even higher in 2026.

With Gratitude,

MICHAEL GOAR
President & CEO
